total late fee assessment of $2,250.00. This amount was reduced to $775.00 by 
action of the Executive Director. The filer further requested a reduction of late 
fees from $775.00 to zero. Mr. Daley explained that at the June meeting the 
Commission had denied further relief. However, the Respondent had indicated 
he had sent a letter, which the Commission never received. A copy of the letter 
was sent after the June meeting and asks for reconsideration of the late fees 
assessed.

Discussion followed.

After discussion, the Commission’s reconsideration of the late filing fees 
reduction on June 7, 2019 was not changed. The late fees reduced from $2,250 
to $775 remains at $775.

Mr. Daley noted for the record Mr. Barry’s arrived at 9:30.

Company, Steve Hornady - The Executive Director indicated that this was a 
request for relief from Hornady Manufacturing. The Respondent failed to timely

28, 2019. A late fee of $750.00 were assessed. The Executive Director denied 
the request for relief based upon the fact that the report did not show less than

and gave a presentation.

Discussion followed.

Motion by Peetz, second by Davis, to reduce late filing fees from $750 to 
$250 - Roll Call Vote: Commissioners Callahan, Carlson, Davis, Enenbach, 
Hegarty, Peetz and Sullivan voted yes. Motion carried (7-0-0).

Consideration and action on proposed Advisory Opinion #205 requested by 
Michael Klein, Attorney for Central Nebraska Public Power and Irrigation 
District relating to conflict of interest – General Counsel Danberg indicated 
there are twelve members on the Board of the Central Nebraska Public Power & 
Irrigation District known as Central. Mr. Danberg explained there are standard 
agreements which Central has for those who are lessees of land along its lakes. 
Those standard agreements are known as standard form leases. It also has 
water service agreements with irrigators. It was noted that two members of the 
Central Board have leases for residences on land along the lakes. Six members 
have water service agreements for irrigation water. Mr. Danberg indicated that 
the two questions asked to be addressed by the Commission are;
1. May all Central Nebraska Public Power & Irrigation District Board Members properly vote on all issues and actively participate in discussion among Board Members and staff relative to standard form leases and standard form water service agreements.

2. Are actions and decisions by Central Board Members affecting the standard form residential leases and standard form water service agreements distinguishable from the effect of such action on the public generally or on a broad segment of the public.

General Counsel Danberg indicated that the proposed opinion concluded that the answer to the first question is no. The opinion takes the position that board members with lease agreements should not participate in the process of discussing and preparing standard form lease agreements. In addition, those with water service agreements should not participate in the process of discussing and preparing standard form water service agreements. These actions could constitute a conflict of interest since they could result in a financial benefit or detriment to the board member. Mr. Danberg indicated that the answer to the second question is yes.

Discussion followed.

Chairman Enenbach asked if there were any member of the public that wished to testify and address the Commission as to the proposed advisory opinion.

Monty Vonasek identified himself as an owner of a mechanized irrigation company and current lease holder at Johnson Lake with a background in engineering. He addressed the Commission in opposition to Advisory Opinion #205.

DeeDee Pedersen of Bertrand Nebraska identified herself as a cabin lease holder at Johnson Lake and a farmer in Phelps, Gosper and Dawson Counties. She asked the Commission that why it would ask a member of the Board to abstain from a vote when that person is elected to represent and provide his or her knowledge. Ms. Pedersen expressed her opposition to Advisory Opinion #205.

Donald Sneezed of Bertrand Nebraska spoke in opposition concerning Advisory Opinion #205. He thought that the only thing that is voted on is the rate. He stated that the advisory opinion would only serve to silence the people who know the most, and who are the people who need to vote.

Discussion followed.

The Director next reported that the Commission is in discussions with Nebraska.gov which hosts the Commission website and its current database. Mr. Daley indicated that the discussions are for the development of a new agency website. Nebraska.gov hosts the websites of most state agencies. It has been in the process of shifting most state websites to its new Meadowlark platform. The current website platform is good for use with a desktop. However, is not fully compatible for use with mobile devices. Nebraska.gov will no longer be supporting the Commission’s current web platform which makes it necessary to move to the new one.

Discussion followed.

Executive Director indicated to the Commission that the original plan was to submit a draft of Rule 2 for adoption of rulemaking purposes. Mr. Daley noted that due to delays with agencies not responding, the draft is not ready. The plan now is to submit a draft of Rule 2 for Commission review at the October meeting. The Commission would adopt the draft for formal rule making purposes. The formal rule hearing would take place at the December meeting. This will give State agencies an additional opportunity to comment.

Executive Director Daley announced that this year the Council on Governmental Ethics Laws (COGEL) Conference will be held in Chicago Illinois from December 15th through 18th 2019.
